About

Hello, I'm Alief Prihantoro
From Indonesia. I Like
Programming And Design. Be
Simple, Unik And Use Full. **Hire
Me**, If You Like My Work.

Project :

Creating A Website With : Hugo Framework For Back End
Problems. Sass For Styling. Bash For Command Automation In
Terminal. Git To Save Repositories And Push To Github And Gitlab.
And Hosted On Netlify. For The Project Itself, It Can Be Seen On
My Blog, Portfolio Web, And Other Websites Link In My Portfolio
Web.
